

# GOAT WAVES 2011 - UPDATED 23rd November

**IMPORTANT WAVE NOTES:** Subject to the odd tweak or two what lies below are the wave groupings for the 2011 Goat.

Now, before you email the organisers with your blood boiling regarding your placement please remember the following:

- A) Many factors are considered throughout this long process
- B) We do rely on the information being supplied to us by all competitors to be accurate and not just their PB from 1964
- C) Your Goat race day time is based on the time you move over the start line - not what time the first wave leaves
- D) The winner of The Goat is the first to cross the finish line - if you think you can win The Goat you need to be in Wave One
- E) The waves are in place to safely spread the field and the practical jokers - on race day you'll have approx 120 per wave
- F) Only the finest Loan Goat wine was consumed throughout this process.

If you've carefully read the above and do have an issue to flag please drop a quick note to [info@the-goat.co.nz](mailto:info@the-goat.co.nz)

Look forward to seeing you at the event,

Luke Garea, The Goat

**FOR WAVE ONE:** 13 Males and 15 Females have been highlighted below as one's to watch for potential line honours

NOTE: There are always dark horses (well goats) each year or competitors we overlook (in the nicest possible way)

and we accept no liability for lost revenue in event betting circles.
